

Jose M. Cruz

Associate Professor, Operations and Information Management
Associate Dean for Graduate Programs
School of Business
University of Connecticut
Storrs, CT 06269-1041

jose.m.cruz@uconn.edu, [Google Scholar Profile](#)

Leadership Responsibilities

Associate Dean for Graduate Programs, School of Business, University of Connecticut, 8/23/2019-Present

- Helped Launch the M.S Corporate Social Responsibility & Impact in Business 2024.
- Helped Launch UCONN M.S. in Data Science, 2022.
- Launched B.S. in Fintech.
- Led the School's 2021 AACSB Reaccreditation.
- Helped launch OMBA and M.S. in Fintech

Academic Director, Master of Science in Business Analytics and Project Management (MSBAPM), School of Business, University of Connecticut, 6/2012 - 8/23/2019.

- Member of the that developed and launched the MSBAPM

Associate Director, Outreach, Center for Advancement of Business Analytics (CABA), School of Business, University of Connecticut, 8/2017-8/2018.

Education

Ph.D., Business Administration with a concentration in Management Science, University of Massachusetts, Amherst, May 2004.

Thesis Title - International Financial Networks and Global Supply Chains: A Unified Framework for Decision-Making, Optimization, and Risk Management.

Thesis Advisor - Anna Nagurney, John F. Smith Memorial Professor, Isenberg School of Management

M.B.A., Finance, University of Massachusetts, May 2001.

M.S., Applied Mathematics, University of Massachusetts, May 2000.

B.S., Computer Systems Engineering, University of Massachusetts, May 1995.

B.S., Mathematics, University of Massachusetts, December 1995.

Professional Development

- July-December 2021: Online M.B.A. course development
- Jan 2018: Digital Marketing: Integrated marketing for higher education enrollment

- Oct 2017: Leadership in higher education

Work Experience

- Program Director, Master of Science in Business Analytics and Project Management, School of Business, University of Connecticut, 6/2012- 8/23/2019.
- Tenured Associate Professor, School of Business, University of Connecticut, 8/2012 –Present
- Assistant Professor, School of Business, University of Connecticut, 8/2004–8/2012
- Research and Teaching Assistant, University of Massachusetts, 1996–2004
- Database Administrator, University of Massachusetts, Amherst, 1996-2001

Research Interests

- Complex decision-making on financial, supply chain, grid computing, and social networks
- Multi-objective optimization, process modeling, data modeling, and system dynamics
- Corporate social responsibility and closed-loop supply chain management
- Risk management and Project management
- Sustainability

Academic Honors

- **Research Awards and Recognition**
 - **Ackerman Scholarship**, 2014-2016, 2012-2014, recognizes significant and continuing all around scholarly productivity among the faculty of the School of Business, University of Connecticut.
 - **Best Research Paper Award 2009**. The University of Memphis, Fogelman College of Business and Economics. Multiperiod effects of corporate social responsibility on supply chain networks, transaction cost, emissions, and risk (with T. Wakolbinger) (2008), *International Journal of Production Economics*, 116(1), 61-74.
 - **One of 19 invited speakers/participants**, Humanitarian Logistics: Networks for Africa, Rockefeller Foundation under its Bellagio Center programs, Italy, May 4-9, 2008.
 - **INFORMS Young Researcher Roundtable Selected Participant**, April 30-May 2, 2006.
 - **Best Paper of the Year (2004) Award**: Computational Management Science Journal "International financial networks with intermediation: Modeling, analysis, and computations," with A. Nagurney.
 - **INFORMS 2003 Doctoral Consortium Selected Participant**. Atlanta, Georgia, October 17-18.
- **Teaching Awards and Recognition**

- **Fall 2015 Provost Teaching Excellence Recognition.** The University of Connecticut.
- **Spring 2015 Provost Teaching Excellence Recognition.** The University of Connecticut.
- **PMBA Teacher of Year (OPIM) 2014-2015.** Award voted on by part-time M.B.A. students.
- **Fall 2014 Provost Teaching Excellence Recognition.** The University of Connecticut.
- **Graduate Teaching Award 2012-2013.** Awarded to the most outstanding teacher in graduate education in the School of Business, University of Connecticut.
- **Nominated for the 2012 Robert Foster Cherry Award for Great Teaching.** The Robert Foster Cherry Award for Great Teaching honors outstanding professors in the English-speaking world who are distinguished for their ability to communicate with classroom teachers.
- **Undergraduate Teaching Award 2010-2011.** Awarded to the most outstanding teacher in undergraduate education in the School of Business, University of Connecticut.
- **Nominated for Distinguished Teaching Award 2003-2004.** The University of Massachusetts at Amherst.
- **Service Awards and Recognition**
 - **2019 UConn-AAUP Excellence Award: Service Excellence.** The University of Connecticut.
 - **2017 European Journal of Operational Research Award.** Outstanding Contribution in Reviewing.
 - **2015-2016 Distinguished Service Award.** Awarded outstanding service contribution by a faculty in the School of Business, University of Connecticut.

Grants

- Multiperiod sustainable chain network analysis with short and long terms investment options. Dean's Fund Grant, \$15,000, May 2018 – January 2019.
- A Competitive supply chain framework with environmental tax policies. Dean's Fund Grant, \$15,000, May 2017 – January 2018.
- The Effects of global supply chains barriers to trade between United States (U.S.) and European Union (E.U.). Dean's Globalization Grant, \$15,000, May 2016 – January 2017.
- Social responsibility investments: financial networks, transaction cost, and risk effects, Northeast Utility Chair Grant, \$11,000, May 2015-January 2016.
- Economic sustainability of closed-loop supply chains: A holistic decision and policy analysis framework (with S. Bhattacharjee). The Centers for International Business Education and Research (CIBER), \$3,000, January 2015.
- Agile project management. Dean's Course Development Grant, \$11,000, May 2014 – January 2015.

- Faculty Development in International Business (FDIB) Grant, Green Business Australia. The Centers for International Business Education and Research (CIBER), \$4,000, January 2014.
- Decision support framework for global operations sustainability. Dean's Globalization Grant, \$10,000, May 2013- January 2014.
- Mitigating global supply chain risk through corporate social responsibility. UCONN SB Dean's Fund, Research Grant, \$6600, May 2012-June 2013.
- Faculty Development in International Business (FDIB) Grant, Green Business Australia. The Centers for International Business Education and Research (CIBER), \$4,000, May 2012.
- Supply chains competition through corporate social responsibility. Connecticut Information Technology Institute (CITI), Research Grant, \$10,000, May 2011-June 2012.
- Globalization and sustainability in operations. The Centers for International Business Education and Research (CIBER), Research Grant, \$3,000, September 2010 – September 2011.
- Computational grid networks market design: QoS, reliability, and risk management. CITI Research Grant, \$10,000, May 2009 – June 2010.
- Corporate social responsibility and globalization. CIBER Research Grant, \$2,500, July 2009 – November 2009.
- Project cost and risk management course. CITI Course Development Grant, \$10,000, May 2008 – January 2009.
- The University of Connecticut Summer Research Grant, \$15,000, 2007 and 2008.

Journal Publications

Post-tenure:

1. Li, D., **Cruz, J.**, 2022. Multiperiod supply chain network dynamics under investment in sustainability, externality cost, and consumers' willingness to pay. *International Journal of Production Economics* 247, 108441.
2. Yu, M., **Cruz, J.**, Li, D., Masoumi, A. H. 2022. A Multiperiod competitive supply chain framework with environmental policies and investments in sustainable operations. *European Journal of Operational Research*, 300 (1), 112-123.
3. Woolley, T., Liu, Z., **Cruz, J.**, Wang, 2020. Social and environmental sustainability: An empirical analysis of supply chain profitability and the recession. *Operations and Supply Chain Management: An International Journal*, 13 (2), 176-193.
4. Yu, M., **Cruz, J.**, Li, D., 2019. The sustainable supply chain network competition with environmental tax policies. *International Journal of Production Economics* 217, 218—231.

5. Lee, C. B., **Cruz, J.**, Shankar, R., 2018. Corporate social responsibility issues in supply chain competition. Should greenwashing be regulated? *Decision Sciences* 49 (6), 1088-1115. **Best paper finalist, Decision Sciences Journal, November 2019.**
6. Saberi, S., **Cruz, J.**, Sarkis, J., Nagurney, A., 2018. A competitive multiperiod supply chain network model with freight carriers and green technology investment option. *European Journal of Operational Research* 266 (3), 934-94.
7. Lee, H., Nunez, M., **Cruz, J.**, 2018. Sustainability and competition for limited critical resources. *European Journal of Operational Research* 264 (3), 1130-114.
8. Bhattacharjee, S., **Cruz, J.**, 2015. Economic sustainability of closed loop supply chains: A holistic decision and policy analysis framework. *Decision Support Systems*, 77, 67-86.
9. **Cruz, J.**, 2013. Mitigating global supply chain risk through corporate social responsibility. *International Journal of Production Research*, 51(13), 3995–4010.

27. Nagurney, A., **Cruz, J.**, 2003. International financial networks with intermediation: Modeling, analysis, and computations. *Computational Management Science* 1, 31-58. **Computational Management Science Journal Best Paper of the Year (2004) Award.**

28. Nagurney, A., Ke, K., **Cruz, J.**, Hancock, K., Southworth, F., 2002. Dynamics of supply chains: A multilevel (logistical/informational/financial) network perspective. *Environment & Planning B* 29, 795-818.

Book Chapters

1. **Cruz, J.**, 2009. The effects of network relationships on global supply chain vulnerability, in *Managing Supply Chain Risk and Vulnerability: Tools and Methods for Supply Chain Decision Makers*, T. Wu, and J. Blackhurst, editors, Springer-Verlag, London, 113-140.
2. Nagurney, A., **Cruz, J.**, Toyasaki, F., 2008. Statics and dynamics of global supply chain networks with environmental decision-making in Pareto Optimality, Game Theory and Equilibria, A. Chinchuluun, A. Migdalas, P. M. Pardalos, and L. Pitsoulis, editors, Springer, Berlin, Germany, 611-646.
3. Nagurney, A., **Cruz, J.**, Wakolbinger, T., 2007. The co-evolution and emergence of integrated international financial networks and social networks: Theory, analysis, and computations, in *Globalization and Regional Economic Modeling*, R. J. Cooper, K. P. Donaghy, and G. J. D. Hewings, editors, Springer, Berlin, Germany, 183-226.
4. Nagurney, A., **Cruz, J.**, Dong, J. 2006. Global supply chain networks and risk management: A multi-agent framework, in *Multi-agent Based Supply Chain Management*, B. Chaib-Draa and J. Muller, editors, Springer, New York, 103-134.
5. Nagurney, A., **Cruz, J.**, 2003. International financial networks with intermediation and electronic transactions, in *Financial and Economic Networks*, A. Nagurney, editor, Edward Elgar Publishing, Cheltenham, England, 135-167.

Conference Proceedings

1. **Cruz, J.**, Diaby, M., Nsakanda, A.L, 2008. A geometric programming model of the lot scheduling problem with investments in setup reductions and process improvements, *Proceedings of the WSEAS American Conference on Applied Mathematics*, Harvard University, Cambridge, MA, March 24-26.
2. **Cruz, J.**, Bhattacharjee, S., 2013. Closed loop supply Chains: A systems dynamics model for analyzing Sustainable business policies for shared partners. *Proceedings of the 18th International Symposium on Logistics*, Vienna, Austria 7-10 July 2013.

Papers under Review

1. Closed-loop supply chain network model with recycling, re-manufacturing, refurbishing, and corporate social responsibility (Li, D. and Ke, K.). **Under Advanced Review – Annals of Operations Research.**

Working Papers

1. Supply chain environmental sustainability through risk-sharing contracts.
2. Social responsibility investments: Financial networks, transaction cost, and risk effects.
3. Corporate social responsibility and supply chain coordination: A real options analysis for risk management.
4. Supply chain relationship and risk management: A network optimization and an empirical centrality analysis.
5. Global supply chain financial management with corporate financial risks and trade credits under exchange rates uncertainty.
6. Supply chains competition through corporate social responsibility: A game theoretical framework (*with* Liu, Z.)

Conference Presentations

1. Closed-loop supply chain network model with recycling, re-manufacturing, refurbishing, and corporate social responsibility (Li, D. and Ke, K.). POMS 2023 International Conference, Paris, France, July, 18-20, 2023.
2. Closed-loop supply chain network model with recycling, re-manufacturing, refurbishing, and corporate social responsibility (Li, D. and Ke, K.). 33rd Annual POMS 2023 Conference, Orlando, FL, May 21-25, 2023.
3. Multiperiod supply chain network dynamics under-investment in sustainability, externality cost, and consumers' willingness to pay (with Dong L.). INFORMS Annual Conference, Anaheim (virtual), C.A., October 24-27, 2021.
4. A Multiperiod competitive supply chain framework with environmental policies and investments in sustainable operations (With Yu, M., Li, D., Masoumi, A.). POMS 31st Annual Conference (Online), April 30 –May 5, 2021.
5. The sustainable supply chain network competition with environmental tax Policies (with Yu, M., Li, D.). INFORMS Annual Conference, Phoenix, Arizona, November 4-7, 2018.
6. Risk sharing contracts in sustainable supply chains (with Skukla, S.). INFORMS Annual Conference, Phoenix, Arizona, November 4-7, 2018.

7. A competitive multiperiod supply chain network model with freight carriers and green technology investment options. 29th European Conference on Operational Research, Valencia, Spain, July 8-11, 2018.
8. Supply chain sustainability through risk-sharing contracts. INFORMS Annual Conference, Houston, Texas, October 22-25, 2017.
9. A competitive multiperiod supply chain network model with freight carriers and green technology investment option. INFORMS Annual Conference, Houston, Texas, October 22-25, 2017.
10. A competitive supply chain framework with environmental tax policies. INFORMS Annual Conference, Nashville, TN, November 13-16, 2016.
11. Social Responsibility Investments (S.R.I.): Financial Networks, Transaction Cost, and Risk Effects, INFORMS Annual Meeting, Philadelphia, PA, November 1-4, 2015.
12. Cruz, Jose M., MSBAPM Students Poster Presentation, Alteryx Inspire 2015: Analytic Independence, Boston, MA, May 17-20, 2015.
13. Economic sustainability of closed-loop supply chains: A holistic model for decision and policy analysis, INFORMS Annual Meeting, San Francisco, CA, November 9 -12, 2014.
14. Corporate social responsibility and performance in the supply chain network (with T. Anderson and Z. Liu), INFORMS Annual Meeting, San Francisco, CA, November 9 -12, 2014.
15. Corporate social responsibility for sustainable development in emerging markets", University of Memphis and University of Connecticut CIBER, Storrs, Connecticut, June 19-21, 2014.
16. Corporate social responsibility, investment, and performance (with T. Anderson and Z. Liu), INFORMS Annual Meeting, Minneapolis, Minnesota, October 6-9, 2013.
17. Ethical Issues in supply chain competition: A game theoretical approach (with B. Lee), INFORMS Annual Meeting, Minneapolis, Minnesota, October 6-9, 2013.
18. Closed-loop supply chains: a system dynamics model for analyzing sustainable business policies for a shared partner (with S. Bhattacharjee). 18th International Symposium on Logistics- Resilient Supply Chains in an Uncertain Environment. Vienna, Austria, July 7-10, 2013.

19. A Holistic model for analyzing sustainable business policies for shared partners in a supply chain, 26th European Conference on Operational Research, Rome, Italy, July 1-4, 2013.
20. Applications of variational inequalities in supply chain management. Status quo and future directions (with (with T. Wakolbinger), 26th European Conference on Operational Research, Rome, Italy, July 1-4, 2013.
21. Mitigating global supply chain risk through corporate social responsibility, INFORMS Annual Meeting, Phoenix, Arizona, October 14-17, 2012.
22. Supply chain networks with corporate financial risks and trade credits under economic uncertainty (with Z. Liu), INFORMS Annual Meeting, Phoenix, Arizona, October 14-17, 2012.
23. Supply chain networks with corporate financial risks and trade credits under economic uncertainty (with Z. Liu), AIMS Conference, Orlando, Florida, July 1-5, 2012.
24. Sustainable Production Strategies (Hsiao-Hui Lee and M. Nunez), INFORMS Annual Meeting, Charlotte, North Carolina, November 13-16, 2011.
25. Supply Chains Competition through Corporate Social Responsibility (C.S.R.) (with Z. Liu), INFORMS Annual Meeting, Charlotte, North Carolina, November 13-16, 2011.
26. Modeling and analysis of the multiperiod effects of social relationship on supply chain networks, 11th Annual Hawaii International Conference on Business, Honolulu, Hawaii, May 26-30, 2011.
27. The effects of social relationship on supply chain networks risk and transaction cost, INFORMS Northeast Regional Conference, Amherst, Massachusetts, May 6-7, 2011.
28. Consumer environmental awareness and competition in two-stage supply chains (with Z. Liu and T. Woolley), INFORMS Annual Meeting, Austin, Texas, November 7-10, 2010.
29. Closed-loop supply chains: A systems dynamics model for analyzing sustainable business policies for shared partners in a chain (with S. Bhattacharjee), Austin, Texas, November 7-10, 2010.
30. Mitigating global supply chain risk through corporate social responsibility, INFORMS Annual Meeting, Austin, Texas, November 7-10, 2010.
31. Closed-loop supply chains: A systems dynamics model for analyzing sustainable business policies for shared partners in a chain (with S. Bhattacharjee and H. Singh), 24th European Conference on Operational Research, Lisbon, Portugal, July 11-14, 2010.

32. Mitigating global supply chain risks through corporate social responsibility, 24th European Conference on Operational Research, Lisbon, Portugal, July 11-14, 2010.
33. Closed-loop supply chains: A systems dynamics model for analyzing sustainable business policies for shared partners in a chain (with S. Bhattacharjee and H. Singh), International Workshop on Supply Chain Models For Shared Resource Management, Brussels, Belgium, January 21-22, 2010.
34. Computational grid networks market design. QoS, Reliability efficiency and risk management, INFORMS Annual Meeting, San Diego, CA, October 11-14, 2009.
35. Corporate social responsibility and globalization: A supply chain network framework, INFORMS Annual Meeting, San Diego, CA, October 11-14, 2009.
36. Information security in supply chain networks (with M. Nunez and H. Singh), INFORMS Annual Meeting, San Diego, CA, October 11-14, 2009.
37. The effects of social relationship on supply chain networks vulnerability and risk management, INFORMS Annual Meeting, Washington DC, October 12-15, 2008.
38. Close-loop supply chain management: A system dynamics approach (with S. Bhattacharjee and H. Singh), INFORMS Annual Meeting, Washington DC, October 12-15, 2008.
39. Complementing in-house staffing with outsourcing under stochastic demand for financial service operations (with S. Nair and P. Basu), INFORMS Annual Meeting, Washington DC, October 12-15, 2008.
40. Corporate social responsibility for sustainable development in Africa, Rockefeller Foundation Bellagio Center, Lake Como, Italy: Conference - Humanitarian Logistics: Networks for Africa, May 5-9, 2008.
41. A geometric programming model of the lot-scheduling problem with investments in setup reductions and process improvements (with M. Diaby and A.L. Nsakanda), WSEAS American Conference on Applied Mathematics, Harvard University, Cambridge, Ma, March 24-26, 2008.
42. Supply chain networks with corporate social responsibility through integrated environmental decision-making (with D. Matsypura), The 5th Conference of Supply Chain Management and Information Systems, Melbourne, Australia, December 9-12, 2007.
43. Global supply chain networks sustainability: Corporate social responsibility and risk management, INFORMS Annual Meeting, Seattle, Washington, November 4-7, 2007.

44. Batch-size based line segmentation (with M. Nunez), INFORMS Annual Meeting, Seattle, Washington, November 4-7, 2007.
45. Multiperiod effects of corporate social responsibility on supply chain networks, transaction cost, emissions, and risk (with T. Wakolbinger), International Conference on Complex Systems, Boston, Ma, October 28-November 2, 2007.
46. Dynamics of supply chain networks with corporate social responsibility through integrated environmental decision-making, INFORMS International, Puerto Rico, July 8-11, 2007.
47. Multiple period modeling of computational grid networks with budget and capacity constraints (with D. Matsypura), EURO XXII, Prague, 8-11 July 2007.
48. Dynamics of international financial networks with variable weights multicriteria decision-making, INFORMS Annual Meeting, Pittsburgh, Pennsylvania, November 5-8, 2006.
49. Dynamics of supply chain networks with corporate social responsibility through integrated environmental decision-making, INFORMS Annual Meeting, San Francisco, California, November 13-16, 2005.
50. Financial engineering of the integration of global supply chain networks and social networks with risk management (with A. Nagurney and T. Wakolbinger), Sixteenth Annual Conference of POMS, Chicago, Illinois, April 29 - May 2, 2005.
51. The co-evolution and emergence of integrated international financial networks and social networks: Theory, analysis, and computations (with A. Nagurney and T. Wakolbinger), First POMS College Conference at Columbia University, December 3-4, 2004.
52. Statics and dynamics of global supply chain networks with Environmental decision-making (with A. Nagurney, and F. Toyasaki), CORS/INFORMS International Meeting, Banff, Alberta, Canada, May 16-19, 2004 and at the 9th Workshop on Economics and Heterogeneous Interacting Agents, Kyoto University, Kyoto, Japan, May 27-29, 2004.
53. Dynamics of global supply chain supernetworks (with A. Nagurney and D. Matsypura), Third Meeting of STELLA, Focus Group 1, Washington DC, U.S.A., January 16, 2004.
54. Dynamics of global supply chain supernetworks (with A. Nagurney and D. Matsypura), Nectar Conference, Umea, Sweden, June 13-15, 2003.

55. Dynamics of international financial networks with risk management (with A. Nagurney), INFORMS Annual Meeting, Atlanta, Georgia, October 19-22, 2003.
56. International financial networks with intermediation and electronic transactions (with A. Nagurney), Modeling, Optimization and Risk Management in Finance, University of Florida, March 5-7, 2003.
57. Dynamics of global supply chain supernetworks (with A. Nagurney and D. Matsypura), Eighth INFORMS Computing Society Conference, Chandler, Arizona, January 8-10, 2003.
58. International financial networks with intermediation: Modeling, analysis, and computations (with A. Nagurney), Eighth INFORMS Computing Society Conference, Chandler, Arizona, January 8-10, 2003.
59. Supernetworks, the environment, and sustainability (with A. Nagurney, F. Toyasaki, and D. Matsypura), Managing Massachusetts Environment for the New Millennium, Worcester, Massachusetts, November 15, 2002.

Workshop/Seminar Presentations

1. Panel organizer and Panelist, "Innovation in M.B.A. concentrations". 29th Annual PMBA/OMBA Nacional Conference, Virtually hosted by University of Connecticut October 5-6, 2021.
2. Economic sustainability of closed loop supply chains: A holistic decision and policy analysis framework. OPIM Department Seminar, April 19, 2019.
3. Panelist at Alumni Reunion, Isenberg School of Management, University of Massachusetts, Amherst, April 5, 2019.
4. Panelist at 2015 Information Systems Workshop on Teaching. Bringing Research & Innovation to the Classroom. Goizueta Business School, Emory University, Atlanta, GA May 21-22, 2015.
5. Keynote/Plenary Address "The myths and facts of how to get a tenure-track academic job and how to get tenure," Isenberg School of Management, University of Massachusetts, Amherst, Massachusetts, December 7, 2012.
6. Shortening cycle times in multi-product capacitated production environments through quality level improvements and setup reduction. (with M. Diaby and A.L. Nsakanda). OPIM Seminar Series, University of Connecticut, October 2006.
7. The academic job search: Pre-interview, the interview and beyond, Spring 2005 UMASS Amherst Operations Research / Management Science Seminar Series, February 4, 2005.

8. MKIDS Mini-Workshop, Supernetworks Laboratory for Computation and Visualization, Isenberg School of Management, University of Massachusetts, Amherst, September 10, 2003.

Student Advisor

- **Honors Thesis Advisor**
 - Mawra Malik, 2014-2015. Project Management: Do Information Technology Project Managers Need Technical Skills to Be Effective?
- **Visiting Scholar Advisor**
 - Harach, Monika, Warsaw School of Economics, October 1, 2015 - November 1, 2017.
- **Master of Science in Business Analytics and Project Management (MSBAPM) – Academic Advisor**
 - Advised over 1000 Students

Teaching Experience

University of Connecticut:

Undergraduate:

- Operations Management

Graduate Teaching:

MBA Programs (EMBA, FMBA, PMBA, OMBA):

- Managerial Statistics
- Operations Management
- Online Managerial Statistics and Spreadsheet Modeling

MSBAPM:
