

**RAMESH SHANKAR**

Associate Professor

OPIM Dept., School of Business, University of Connecticut

Room 385, 2100 Hillside Road, Unit 1041, Storrs, CT 06269

[Ramesh.Shankar@business.uconn.edu](mailto:Ramesh.Shankar@business.uconn.edu)**WORK**

- 2011 – : Tenured Associate Professor, School of Business, University of Connecticut  
 2012 – 2017 : Assistant Department Head, OPIM Dept., University of Connecticut  
 2005 – 2011 : Assistant Professor, School of Business, University of Connecticut  
 2004 – 2005 : Instructor, School of Business, University of Connecticut

**EDUCATION**

- Stern School of Business, New York University Ph.D., Information Economics.  
Dissertation Title: "Essays on Information Systems and Contracting"
- Indian Institute of Management (IIM), Ahmedabad, India: MBA, Finance.
- Indian Institute of Technology (IIT), Madras, India: B.Tech., Mech. Engg.

## BOOK

- Big Data Analytics on Google Cloud: A Hands-on Introduction, published on Amazon Kindle (April 29<sup>th</sup>, 2020).

The goal of this book is to teach non-technical users (such as business analysts) to upload very large datasets to the cloud (1 GB and beyond), and to analyze these datasets using Big Data tools. Topics covered include Google Storage, BigQuery, Dataproc-Hadoop, and PySpark.

## PROFESSIONAL DEVELOPMENT

- Cloud Computing: *Big Data on AWS (Amazon Headquarters)*
- Data visualization: *Tableau Desktop Fundamentals* and *Intermediate* course
- Harvard Business School: *The Art and Craft of Discussion Leadership – part 2*
- Big Data Analytics: *Real-time Analytics with Apache Spark*
- Big Data Analytics: *Building Recommender Systems with Hadoop*
- Big Data Analytics: *Using Pig, Hive, and Impala with Hadoop*
- Harvard Law School: *Negotiation and Leadership*
- Harvard Business School: *The Art and Craft of Discussion Leadership – part 1*

## PROFESSIONAL AWARDS

- Ackerman Scholarship, School of Business, University of Connecticut, 2012-2014.
- Ackerman Scholarship, School of Business, University of Connecticut, 2010-2012.
- Best Paper Award, School of Business, University of Connecticut, May 2010, for “Electronic Markets, Search Costs, and Firm Boundaries” (Published in *ISR*, March 2010, Vol.21, No.1)
- Teaching Innovation – Honorable Mention, School of Business, University of Connecticut, May 2010.
- Nadler Fellowship, Stern School of Business, NYU, 2003-2004.
- Ph.D. Fellowship, Information Systems Department, Stern School of Business, NYU, 1999-2003.

## INDUSTRY INITIATIVES

**MS-Business Analytics and Project Management (MS-BAPM)** (From Fall 2012 to present)

- I have served on industry outreach and student admissions committees, and worked with the MS-BAPM Advisory Committee consisting of senior leaders from United Technologies, IBM, Aetna, The Hartford, and other major corporations. I have helped students connect to industry executives, recruiters, and data analytics professionals.

**Edgelab** – UConn-GE partnership based in Stamford, CT, where students and faculty worked alongside GE managers on GE operational data (From Summer 2008 to Spring 2011)

- I guided student teams on numerous real-world GE projects involving big data analytics, including transportation and logistics datasets (Summer 2008) and raw material inventory datasets (Summer 2010). I designed and implemented heuristics, algorithms and metrics to enable improved managerial decision making and operational performance.
- As faculty advisor for teams of PhD, MBA, and undergraduate students, I was actively involved in student interviews, team selection, project definition meetings, day-to-day project team guidance, and periodic evaluations (toll-gates) alongside GE managers.

**Morgan Stanley** (Summer 2000, Winter 2001)

- I used Perl and Sybase to develop a data mining based customer visualization application for Morgan Stanley’s institutional securities division, which helped salespeople better identify customer profitability.

## TEACHING

### University of Connecticut, School of Business

1. Data Science with Python, developed and teach in the MSBAPM program.
2. MSBAPM – Big Data Analytics using Hadoop. Included new material on Apache Spark and Scala for in-memory big-data analytics.
3. MS in Business Analytics and Project Management (MS-BAPM): I designed and currently teach a course “Big Data Analytics with Hadoop”. This covers data management and data mining with Apache Hadoop ecosystem software including Apache Pig and Hive for data extraction, transformation and loading, and Apache Mahout for data mining, with special focus on clustering, classification, and collaborative filtering.
4. Executive MBA – Management Information Systems Core course – developed and taught new MIS curriculum.
5. OPIM 4895, Web Design (Senior Undergraduate MIS)
6. OPIM 3103, Undergraduate Introduction to MIS
7. OPIM 3221, Business Database Systems.
8. OPIM 2001, MIS in Business: A Hands-On Introduction, for Freshmen/Sophomores University-wide.

### NYU, Leonard N. Stern School of Business

1. MS in Business Analytics (MSBA): *Big Data* (Summer 2018, 2019, 2020, 2021)
2. Undergraduate course: *B20.3386 Technical Foundations of Information Systems* (Spring, 2004)
3. Undergraduate course: *C20.0046 Database Management Systems*. (Spring 2003)

### UC Irvine, Paul Merage School of Business

Big data analytics, MSBA program, Winter 2020

### Indian School of Business, Hyderabad

Certificate in Analytics: *Big Data Analytics* (Fall 2015)

## SERVICE TO THE UNIVERSITY

### Assistant Department Head

In this role, I oversaw our undergraduate MIS program at the Storrs campus. My responsibilities included curriculum development, mentoring graduate students’ teaching, MIS major promotional activities among student groups, student scholarships, and industry outreach. Since I took over as ADH in August 2012, MIS enrollments increased 180%.

### University committees:

- University Interdisciplinary Courses Committee (UICC)
- Bachelor of Professional Studies (BPS) Web Oversight Committee

### Departmental and School-wide Committees

- Undergraduate Strategic Task Force, Ph.D. recruitment committee,
- Undergraduate Re-design Committee; Undergraduate Assessment Committee
- Undergraduate Re-design Committee, Executive MBA Steering Committee
- MS-Business Analytics & Proj. Mgmt – Admissions Committee
- Ph.D. Qualifying Paper Committee
- Department representative on the School-wide Undergraduate Programs Committee, responsible for formulating and approving programmatic changes to the undergraduate Business curriculum. Worked closely with OPIM department and other departments to craft several changes to the MIS Major and Engineering Management minor.
- Ph.D. Recruiting Committee
- Technology Development and Utilization Committee - Schoolwide. To evaluate the laptop program for undergraduate business-school students.

### Undergraduate MIS related activities

- Designed and managed the popular **Executive Lecture Series**, as part of which we invite senior IT executives, CIOs, VPs and Directors of IT from prominent corporations to share their career experiences with our undergraduates. Mentored other faculty who are currently managing various aspects of this initiative.

- Spring 2019: **Bret Greenstein**, Vice President and Worldwide Head of AI for Cognizant.
- Spring 2018: **Ernest Huber**, VP of IT, Colt Manufacturing Company.
- Spring 2016: **Julianne Inozemcev**, Partner, Risk Assurance Services, PwC.
- Spring 2015: **Carol Juel**, CIO and EVP, Synchrony Financial.
- Spring 2014: **Darwyn S. Azzinaro**, Director, BlumShapiro; and **Dominic Barone**, Sr Manager, BlumShapiro.
- Spring 2013: **Mark Boxer**, CIO of Cigna.
- Fall 2012: **Jeanette Horan**, CIO of IBM.
- Spring 2010: I organized a day-long visit by **Brian O'Connell**, CIO of The Hartford Insurance Group, and his senior IT Leadership Team, on March 23<sup>rd</sup>, 2010, including meetings with the Dean; Luncheon with Associate Deans, Department Heads, and Directors of Career Services and Development; Mock Interviews for MIS Students; Career Success Talk; Small-Group Session with MIS Seniors; and Executive Lecture for students of OPIM 3103.
  - This event required 3 weeks of intense preparation and groundwork in co-ordination with Mark Gelinas, VP of Talent Acquisition, The Hartford.
- Spring 2010: Organized Executive Lectures by **Omar Fathi**, CIO of UTC Fire & Safety; and **Frank Milano**, Partner, Enterprise Risk Services, Deloitte.
- Since Fall 2007: Organized several Executive Lectures in previous semesters, by CIOs from UTC (**John Doucette**, **Nancy Davis**), Pratt & Whitney, Sikorsky, Travelers, BlumShapiro, CIGNA.
  - In Fall 2007, I envisaged the Executive Lecture Series and designed an innovative format for it so as to ensure effective student engagement.
  - The Executive Lecture Series now has become a regular feature of our Undergraduate program, with active participation by other faculty.
- Advised over 20 Undergraduate MIS Majors since 2004
- Fall 2010: Promoted the MIS Certificate program among Business majors, which helped fill more than 180 seats across multiple MIS electives.
- Fall 2010: Helped organize the Society for Information Management (SIM) IT Careers Event, which was attended by over 300 undergraduate Business majors.
- MIS Undergraduate Coordinator, 2007 – present.
  - MIS Certificate promotion (Fall 08 to present): Coordinated promotion through numerous class announcements, flyer postings, and emails to students
  - Organized MIS Socials and Career Fairs (Fall 2007 – present): Prepared promotional material, ensured promotion through email, flyer postings, in-class announcements, invited several companies to participate, including: UTC, Accenture, Deloitte, BlumShapiro, CIGNA, Aetna, Travelers, The Hartford, GE; worked with MIS students to get their resumes to companies before the events; helped answer students' queries, helped promote awareness of MIS Major and MIS career opportunities.
- MIS Internships Coordinator, Fall 2008 – present
  - Help students connect with companies for internships and fulltime positions; Handle student registration, permission numbers; helped students prepare resumes; helped students line up interviews with companies for internships; contacted companies on behalf of students, followed up on internships by site visits and discussions with employers. Organized employers' evaluations of students, and post-internship presentations by students.
- New course - OPIM 1195: MIS in Business – A Hands-On Introduction.
  - Designed, taught and promoted the course
  - Coordinated promotion through numerous class announcements, flyer postings, and emails to students
  - A total of 105 students enrolled in Fall 08 and Spring 09
  - Introduced innovative experiential team project: Google Adwords

Regularly represent the MIS Dept. in outreach events such as Teenage Business Conference, Business Career Fairs, Open Houses.

#### *Undergraduate Scholarships*

- 2012-2013: Worked with Cigna and helped bring in \$5000 in Undergraduate MIS Scholarship funding.

- 2006-2007: Followed through with United Technologies and helped bring in \$5000 in Undergraduate MIS Scholarship funding.
- Serve on Scholarship Committee – Departmental and School-wide. Help identify suitable candidates for scholarship awards.

*Ph.D. activities*

- Organized Ph.D. preliminary exams (Summer & Fall 2008): Handled MIS exam setting by designing questions and soliciting questions from colleagues, coordinated grading by the department, handled multiple re-exam iterations
- Member, Doctoral dissertation committee: Lei Wang, (OPIM Dept.), 2011 – 2014.
- Member, Doctoral dissertation committee: Ciaran Heavey (Management Dept.), 2008 - Dec. 2009
- Member, Doctoral dissertation committee: Rohit Aggarwal, (OPIM Dept.), 2006 – 2008
